Dear Shareholder

ANNUAL GENERAL MEETING 2011

I am pleased to inform you that our sixth Annual General Meeting (“**AGM**”) is to be held at The Westbury, Bond Street, Mayfair, London W1S 2YF, on Thursday, 21 April 2011 at 11.30am. The formal notice of the AGM, particulars of the resolutions on which you can vote and details of the administrative arrangements made are set out in this circular.

If you are not able to come to the AGM in person, your vote is still important and I would urge you to complete, sign and return the accompanying proxy form to be received by 11.30am on Tuesday, 19 April 2011. Submission of a proxy appointment will not prevent you from attending and voting at the AGM in person should you wish to do so.

Your Directors believe that the proposed resolutions are in the best interests of the Company and its shareholders as a whole and unanimously recommend you to vote in favour of all the resolutions set out in the attached notice, as they intend to do in respect of their own shareholdings.

In line with our CSR policy, we also offer shareholders the opportunity to register to receive communications by email. The Board are keen to encourage the use of this service and, if it is of interest, you can find further information in Note 8 to the Explanatory Notes of this circular.

Yours sincerely

Notes

1. A member is entitled to appoint another person as his proxy to exercise all or any of his rights to attend and to speak and vote at the Annual General Meeting. A shareholder may appoint more than one proxy in relation to the Annual General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder.
2. A form of proxy is enclosed. The appointment of a proxy will not prevent a member from subsequently attending and voting at the meeting in person.
3. To be effective the instrument appointing a proxy, and any power of attorney or other authority under which it is executed (or a duly certified copy of any such power or authority), must be sent to the Company's Registrars, Capita Registrars, in accordance with the instructions on the form of proxy, so as to arrive no later than 48 hours before the time for holding the meeting or any adjournment of it or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) for the taking of the poll at which it is to be used, or (b) lodged using the CREST Proxy Voting Service – see Note 8 below.
4. The right to appoint a proxy does not apply to persons whose shares are held on their behalf by another person and who have been nominated to receive communications from the Company in accordance with section 146 of the Companies Act 2006 ("**nominated persons**"). Nominated persons may have a right under an agreement with the member who holds the shares on their behalf to be appointed (or to have someone else appointed) as a proxy. Alternatively, if nominated persons do not have such a right, or do not wish to exercise it, they may have a right under such an agreement to give instructions to the person holding the shares as to the exercise of voting rights.
5. Holders of ordinary shares are entitled to attend and vote at general meetings of the Company. On a vote by show of hands every member who is present has one vote. Each proxy appointed by a member has one vote on a show of hands unless the proxy is appointed by more than one member in which case the proxy has one vote for and one vote against if the proxy has been instructed by one or more members to vote for the resolution and by one or more member to vote against the resolution. On a poll vote every member who is present in person or by proxy has one vote for every ordinary share of which he is the holder.
6. As at 28 January 2011 (being the latest practicable date before the publication of this Notice) the Company's issued share capital consists of 121,759,579 ordinary shares, carrying one vote each. Therefore, the total voting rights in the Company as at 28 January 2011 are 121,759,579.
7. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the meeting (and any adjournment of the meeting) by following the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members (and those CREST members who have appointed a voting service provider) should refer to their CREST sponsor or voting service provider, who will be able to take the appropriate action on their behalf.
8. In order for a proxy appointment or instruction made by means of CREST to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CRESTCo's specifications and must contain the information required for such instructions, as described in the CREST Manual available via web address www.euroclear.com/site/public/EUI. The message (regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy) must, in order to be valid, be transmitted so as to be received by issuer's agent (ID RA10) by the latest time(s) for receipt of proxy appointments specified in Note 3 above. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to a proxy appointed through CREST should be communicated to him by other means.
9. CREST members (and, where applicable, their CREST sponsors or voting service providers) should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider takes) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members (and, where applicable, their CREST sponsors or voting service providers) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
10. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001.

1 Explanatory Notes

Resolutions 1 to 15 are proposed as ordinary resolutions. This means that for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution. Resolutions 16 to 19 are proposed as special resolutions. This means that for each of those resolutions to be passed, at least three-quarters of the votes cast must be in favour of the resolution.

1.1 Reports and Accounts (Resolution 1)

The Directors of the Company must present the accounts to the AGM.

1.2 Directors' Remuneration Report (Resolution 2)

The Directors' Remuneration Report in the Annual Report and Accounts for the year ended 28 November 2010 sets out the Company's policy towards, and provides details of, the Directors' remuneration.

1.3 Election and re-election of Directors (Resolutions 3 to 10)

The Company's Articles of Association require that all Directors retire at least every three years and that all Directors appointed by the Board (since the last Annual General Meeting) seek election at the first Annual General Meeting following their appointment. However, under the UK Corporate Governance Code, announced in 2010, all Directors should retire annually. Accordingly, all Directors will retire and submit themselves for election or re-election by shareholders.

The biographies of those Directors retiring at the AGM and who wish to seek re-election are set out in the Annual Report:

Having considered the performance of and contribution made by each of the Directors standing for election or re-election, the Board remains satisfied that each of the relevant Directors performs effectively and demonstrates full commitment to their individual role, including the appropriate commitment of time for Board and Committee meetings and other duties required and, as such, recommends their election or re-election.

1.4 Re-appointment and Remuneration of Auditors (Resolutions 11 and 12)

Resolutions 11 and 12 propose the re-appointment of PricewaterhouseCoopers LLP as Auditors of the Company and authorise the Directors to set their remuneration. The Board, on the recommendation of the Audit Committee, recommends the re-election of PricewaterhouseCoopers LLP, as auditors, to hold office until the next general meeting at which accounts are laid.

1.5 Authority to make donations to EU political organisations to incur EU political expenditure (Resolution 13)

The Companies Act 2006 requires companies to obtain shareholders' authority for donations to registered political parties and other political organisations totalling more than £5,000 in any twelve month period, and for any political expenditure, subject to limited exceptions. The definition of donation in this context is very wide and extends to bodies such as those concerned with policy review, law reform and the representation of the business community. It could also include special interest groups, such as those involved with the environment, which the Company and its

subsidiaries might wish to support, even though these activities are not designed to support or influence support for a particular party.

It remains the policy of the Company not to make political donations or incur political expenditure as those expressions are normally understood. However, the Directors consider that it is in the best interests of shareholders for the Company to participate in public debate and opinion-forming on matters which affect its business. To avoid inadvertent infringement of the Companies Act 2006, the Directors are seeking shareholders' authority for the Company and its UK subsidiaries to make political donations and to incur political expenditure for the period from the date of the passing of this resolution to the earlier of the conclusion of the Company's Annual General Meeting in 2012 and 21 July 2012, up to a maximum aggregate amount of £50,000.

1.6 New authority to offer key individuals minority shareholdings in certain of the Company's subsidiaries (Resolution 14)

Shareholders are asked to approve the creation of new minority shareholdings (as tracker shares) in certain of the Company's subsidiaries/businesses as detailed in, and on the terms set out in, Appendix 1.

For all prior shareholder authorities granted, the five year period available to the Company to make such offers to individuals (as described above), is to be deemed renewed from the date of the 2011 Annual General Meeting, or any adjournment thereof.

1.7 Directors' authority to allot securities (Resolution 15)

The Directors wish to renew the Company's authority to allot unissued shares in the share capital of the Company. The Directors have no present intention to exercise this authority, however, it is considered prudent to maintain the flexibility that this authority provides. This resolution authorises the Directors to allot shares or grant rights to subscribe for or to convert any security into shares up to an aggregate nominal value of £405,865 during the 15 months from the date of the resolution or, if earlier, up to the conclusion of the next Annual General Meeting of the Company in 2012. This amounts to approximately one-third of the issued ordinary share capital of the Company as at the date of the Notice of AGM. The Company did not hold any treasury shares at the date of the Notice of AGM.

1.8 Disapplication of pre-emption rights (Resolution 16)

Under Section 561 of the Companies Act 2006, if the Directors wish to allot any of the unissued shares or grant rights over shares or sell treasury shares for cash (other than pursuant to an employee share scheme) they must first offer them to existing shareholders in proportion to their holdings. There may be occasions, however, when the Directors will need the flexibility to finance business opportunities by the issue of ordinary shares without a pre-emptive offer to existing shareholders. This cannot be done under the Companies Act 2006 unless the shareholders have first waived their pre-emption rights and that is what this resolution proposes. The authority will be limited to the issue of shares for cash up to a maximum aggregate nominal value of £60,880 which is equivalent to approximately 5 per cent of the Company's issued ordinary share capital as at the date of the Notice of AGM.

If given, the authority will expire 15 months from the date of the AGM or, if earlier, at the conclusion of the next AGM of the Company in 2012. Shareholders will note that

this resolution will also apply to the sale of any shares held in treasury by the Company.

In accordance with the guidelines of the institutional investment committees, the Directors do not intend to issue more than 7.5% of the Company's issued share capital on a non pre-emptive basis in any three-year period.

1.9 Authority to purchase own shares (Resolution 17)

In certain circumstances, it may be advantageous for the Company to purchase its own shares and Resolution 17 seeks the authority from shareholders to do so. The Company has not made any market purchases of its ordinary shares for cancellation during the year and such purchases will only be made if the Directors believe, in the light of market conditions prevailing at the time, that the effect of such purchases will be to increase earnings per share and is in the best interest of the shareholders generally or if the Company decides to satisfy options granted under the Company's Executive Share Option Scheme, Long Term Incentive Plan ('LTIP'), Savings-Related Share Option Scheme ('SAYE'), Share Incentive Plan ('SIP') or other similar plans, through acquiring ordinary shares in the market to transfer to option or award holders upon exercise of their options, or vesting and the Directors are satisfied that this would be in the best interests of the Company taking into account cash resources, capital requirements and the effect of any such purchase on gearing levels. Any shares purchased by the Company will, unless the Directors determine that they are to be held as treasury shares for the purpose of satisfying employee share options, awards or otherwise, be cancelled and the number of shares in issue will be reduced accordingly.

The Companies Act 2006 allows companies to hold shares acquired by way of market purchase in treasury, rather than having to cancel them. The Company is entitled to hold any of its own shares that it purchases pursuant to the authority conferred by this resolution as treasury shares as an alternative to cancelling them. This would give the Company the ability to re-issue such treasury shares quickly and cost effectively, and would provide the Company with additional flexibility in the management of its capital base. No dividends will be paid on any shares held in treasury and no voting rights will be exercisable in respect of treasury shares.

The resolution explicitly authorises the Company to use any shares purchased and held in treasury for the purposes of satisfying options granted under the Company's Executive Share Option Scheme, LTIP, SAYE, SIP or similar plans. If any shares were used in this way, the Company would take them into account when calculating the limits on the number of shares which may be issued under the Scheme(s).

The resolution specifies the maximum number of ordinary shares that may be acquired (approximately 10 per cent of the Company's issued ordinary share capital as at the date of the Notice of AGM) and the maximum and minimum prices at which they may be bought. The price for such purchases shall not exceed the higher of 105 per cent of the average of the middle market quotations as derived from the London Stock Exchange Daily Official List for the five business days before each purchase, the price of the last independent trade in the shares on the London Stock Exchange at the time of the purchase and the highest current independent bid for the Company's ordinary shares on the London Stock Exchange at the time of the purchase.

Resolution 17 will be proposed as a special resolution to provide the Company with the necessary authority. If given, this authority will expire 15 months from the date of the AGM or, if earlier, at the conclusion of the next AGM of the Company in 2012.

The total number of options to subscribe for equity shares outstanding as at the date of this Notice of AGM is 1,849,850 shares. This represents 1.52 per cent of the issued share capital at that date. There are outstanding other employee options and awards but the STthree Employee Share Ownership Trust has previously agreed to satisfy most of these. If the Company bought back the maximum number of shares permitted pursuant to the passing of this resolution and cancelled them, then the total number of options and awards to subscribe for equity shares outstanding at that date would still represent 1.68 per cent of the reduced issued share capital, following the repurchases. At the date of the Notice of AGM, there are no warrants to subscribe for ordinary shares outstanding and no ordinary shares held in treasury.

1.10 Notice period for General Meetings (Resolution 18)

At the 2008 AGM, new Articles of Association were adopted which include a provision enabling general meetings other than AGMs of the Company to be called on at least 14 days' notice, the minimum notice period permitted by the Companies Act 2006.

Under the EU Shareholder Rights Directive (the 'Directive'), the minimum notice period on which listed companies may call general meetings is 21 days. However, companies are able to reduce this period to at least 14 days for general meetings other than AGMs, provided that certain conditions are satisfied. One such condition is that a resolution reducing the period of notice for general meetings other than AGMs to 14 days has been passed at the immediately preceding AGM of the company or at a general meeting held since the immediately preceding AGM. The resolution must be passed notwithstanding that the Company's Articles of Association permit the Company to call general meetings other than AGMs on a notice period of at least 14 days.

The Board considers it prudent to continue to maintain the Company's current flexibility to call general meetings other than AGMs on 14 days' notice. The shorter notice period would not be used as a matter of routine for such meetings, but only where the flexibility is merited by the business of the meeting and is thought to be to the advantage of shareholders as a whole. Consequently, Resolution 18 is proposed as a resolution which would satisfy the condition required by the Directive, as noted above.

1.11 New Articles of Association (Resolution 19)

The Company proposes to adopt new Articles of Association ('New Articles'). These incorporate amendments to the Company's current Articles of Association ('Current Articles') to reflect the changes in company law brought about by the Companies Act 2006 ('Act'). In particular, the New Articles reflect the provisions of the Act which came into force on 1 October 2009 and the changes made to the Act by the Companies (Shareholders' Rights) Regulations 2009 ('Shareholders' Rights Regulations') with effect from 3 August 2009.

The principal changes introduced in the New Articles are summarised in Appendix 2. Other changes, which are of a minor, technical or clarifying nature and also some

more minor changes which merely reflect changes made by the Act have not been noted in Appendix 2.

The New Articles showing all the changes to the Current Articles are available for inspection, as noted at paragraph 2 (below).

2 Documents for Inspection

Copies of the following documents will be available for inspection during normal business hours at the Company's registered office from the date of the Notice of AGM to the close of the AGM and at the place of the AGM from 15 minutes prior to its commencement until its conclusion:

- the Executive Directors' service contracts;
- letters of appointment of the Non-Executive Directors;
- copies of the standard form Articles of Association for subsidiary companies in which key individuals will be invited to acquire different types of ordinary shares; and
- the New Articles together with a comparison against the Current Articles, highlighting the changes made.

3 Entitlement to Attend and Vote and Multiple Proxies and Corporate Representatives

Entitlement to attend and vote at the meeting, and the number of votes which may be cast at the meeting, will be determined by reference to the Company's register of members at 6.00pm on 19 April 2011 or, if the meeting is adjourned, 48 hours before the time fixed for the adjourned meeting (as the case may be). In each case, changes to the register of members after such time will be disregarded. The Company will also adhere to the ICSA guidance on multiple proxies and corporate representatives at general meetings.

4 Automatic Poll Voting

Each of the resolutions to be put to the meeting will be voted on by poll and not by show of hands. A poll reflects the number of voting rights exercisable by each member and so the Board considers it a more democratic method of voting. It is also in line with recommendations made by the Shareholder Voting Working Group and Paul Myners in 2004. Members and proxies will be asked to complete a poll card to indicate how they wish to cast their votes. These cards will be collected at the end of the meeting. The results of the poll will be published on the Company's website and notified to the UKLA Listing Authority once the votes have been counted and verified.

5. Administration

For the safety and comfort of those attending the AGM, certain items will not be permitted in the meeting room. These include large bags, cameras, recording equipment and such other items as the Chairman of the AGM may specify. Cloakroom facilities will be provided.

Any member attending the meeting has the right to ask questions. The Company must answer any such question relating to the business being dealt with at the

meeting but no such answer need be given if (a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information (b) the answer has already been given on a website in the form of an answer to a question, or (c) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered. In order to respond comprehensively, it would be helpful to have a note of the details of any proposed questions in advance, although this is not obligatory. Questions may be sent by post to the Group Company Secretary, Steve Hornbuckle at 5th Floor, GPS House, 215-227 Great Portland Street, London W1W 5PN or by email to cosec@sthree.com.

6. Information available on website

A copy of this notice and other information required by Section 311A of the Companies Act 2006 can be found at www.sthree.com

7. Members' resolution and matters

Under Section 338 and Section 338A of the Companies Act 2006, members meeting the threshold requirements in those sections have the right to require the Company (i) to give, to members of the Company entitled to receive notice of meeting, notice of any resolution which may properly be moved and is intended to be moved at the meeting and/or (ii) to include in the business to be dealt with at the meeting any matter (other than a proposed resolution) which may be properly included in the business. A resolution may properly be moved or a matter may properly be included in the business unless (a) (in the case of a resolution only) it would, if passed, be ineffective (whether by reason of inconsistency with any enactment or the Company's constitution or otherwise), (b) it is defamatory of any person, or (c) it is frivolous or vexatious. Such a request may be in hard copy form or in electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be authorised by the person or person making it, must be received by the Company not later than 10 March 2011, being the date six clear weeks before the meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.

8. Electronic and web communications

The Companies Act 2006 enable companies to communicate with members by electronic and/or website communications. Accordingly, the Company's Articles allow communications to members in electronic form and, in addition, they also permit the Company to take advantage of the provisions relating to website communications. However, before the Company can communicate with a member by means of website communication, the relevant member must be asked by the Company to agree that the Company may send or supply documents or information to him by means of a website, and the Company must either have received a positive response or have received no response within a period of 28 days beginning with the date on which the request was sent. The Company will notify a member (either in writing, or by other permitted means) when a relevant document or information is placed on the website and a member can always request a hard copy version of the document or information.

9. Publication of audit concerns

Shareholders should note that, under Section 527 of the Companies Act 2006 members meeting the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditors report and the conduct of the audit) that are to be laid before the Annual General Meeting for the financial year beginning 30 November 2009; or (ii) any circumstances connected with an auditor of the Company appointed for the financial year beginning 30 November 2009 ceasing to hold office since the previous meeting at which annual accounts and reports were laid. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 (requirements as to website availability) of the Companies Act 2006. Where the Company is required to place a statement on a website under Section 527 of the Companies Act, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Annual General Meeting for the relevant financial year includes any statement that the Company has been required under Section 527 of the Companies Act 2006 to publish on a website.

APPENDIX 1

New offers to key individuals of minority interests (as tracker shares) in certain SThree plc subsidiaries

Authority is sought to make offers to key individuals of tracker shares in certain SThree plc subsidiaries/businesses. Whilst it is anticipated that the majority of the shares will be offered soon after shareholder approval, and normally in the first year, some will be held back for new joiners and promotions, and therefore authority is sought for a period of five years from the date of the Company's Annual General Meeting, to be held on 21 April 2011.

Common Features

Each of the proposed offerings in the subsidiaries, which shareholders are being asked to approve under Resolution 14, will share common features, which are broadly the same common features that shareholders approved in previous years. In addition, the Company reserves the right to offer key individuals shares in a UK sub-holding company which owns either several companies or several businesses, with the shares tracking the performance of the relevant business in which the individual is to have a stake, or to consolidate such businesses where this makes commercial sense.

The common features of the subsidiaries, whether a subsidiary owning the business or a holding company owning several businesses, are as follows:

(i) *Share Capital*

Each subsidiary will have at least two classes of ordinary shares. In the case of a holding company issuing tracker shares in a number of businesses, there will be at least two classes of ordinary shares for each business it owns. One class of ordinary shares will be held by the Company. Other classes will be offered to key individuals. The ordinary shares offered to key individuals will not be more than 25 per cent of the ordinary share capital of each subsidiary; whilst they will have up to 25 per cent of the voting power of the subsidiary, they are entitled to up to only 20 per cent of any dividend on the ordinary shares. There will also be one preference share in issue.

(ii) *Eligibility*

No person who is a Director of the Company at the time shareholders approve the offer of shares in a particular subsidiary may acquire shares in the relevant subsidiary. Shares will therefore only be offered to other key individuals, who may acquire shares in more than one subsidiary.

(iii) *Purchase price and financing*

The price payable by an individual will be based on the fair value of the shares awarded, as determined by an independent third party share valuer and taking into account the particular rights attached to the shares described in the Articles of Association. The Group may lend the purchase price to the individual, on such terms as are appropriate, including that the loan is outstanding until such individual ceases to hold the shares or ceases to be employed by the Group. A market rate of interest will be charged if a loan is made.

(iv) *Cessation of employment*

If a minority shareholder ceases to be employed by any company in the Group, under provisions contained in the Articles of Association of that company, he can be required to sell his shares in the relevant company. The Board will set a period, which will never be less than three years and will normally be five years (the "Specified Period"), which will apply when the individual acquires the shares. If the sale is within the Specified Period, the price payable can be the lower of the market value and the amount paid for the shares (or, in exceptional circumstances and at the Company's discretion, such other price, not exceeding market value). If the sale is later than the Specified Period the price payable is the market value. For these purposes, market value is determined by computing the earnings per ordinary share of the last financial year prior to the sale multiplied by two thirds of the price/earnings ratio of SThree plc at the time of sale. The price/earnings ratio is calculated on the adjusted earnings per share published in the Company's annual accounts.

(v) *Other sale events*

In the event of a sale of a subsidiary, or a change of control of the Company, a minority shareholder in that subsidiary can be required to sell (and that shareholder can require the Company to purchase) his shares in the subsidiary. In the event of a sale of the subsidiary, the sale price will reflect the price which the Company receives for its shares, and in the event of a change of control of the Company the sale price will be the market value of the shares in the subsidiary. For key individuals who acquire shares in a sub-holding company which owns either several companies or several businesses, there are similar sale provisions which apply if the relevant operating company or business is sold.

(vi) *Restrictions on transfer*

If a minority shareholder wishes to transfer or dispose of his shares (other than to certain family members or on his leaving the employment of the Group) he must first offer them to the Company and the price payable for such shares is their market value. If the Company declines to purchase the shares, they can be transferred to a third party.

(vii) *Consideration payable*

If the Company acquires any shares from a minority shareholder, the consideration can either be paid in cash or in Ordinary Shares in the Company, at the Company's discretion. Any Ordinary Shares issued by the Company in this respect will be within the annual limit of authority granted under section 549 of the Companies Act 2006 approved by the Company's shareholders each year.

(viii) *Restrictions on alterations*

Certain provisions of the arrangements outlined above, namely the persons who are eligible to acquire shares in the relevant subsidiary, the maximum percentage of shares in the subsidiary which may be offered to key individuals, and the terms on which the company can acquire the shares from the key individuals cannot be altered to the advantage of these shareholders without the prior approval of the Company's shareholders in general meeting (except for minor amendments to benefit administration, or to take account of a change in legislation or to obtain or maintain favourable tax, exchange control or regulatory treatment for the individual shareholders, the relevant subsidiary or for members of the Group).

(ix) *Pension benefits*

The acquisition of shares by key individuals, and their sale, will not give rise to any pensionable benefits.

A standard form Articles of Association, containing the full details of the ordinary shares which key individuals can acquire, and the terms on which they can dispose of such shares, will be available for inspection at 5th Floor, GPS House, 215-227 Great Portland Street, London W1W 5PN, the registered office of the Company, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the date of this notice until the date of the Meeting and will be available at the place of the meeting for at least 15 minutes prior to and at the Meeting. The Company reserves the right to alter the Articles of Association in any way it is advised is desirable or necessary to take account of legislative or other changes prior to the AGM.

In the case of an overseas subsidiary, the Company also reserves the right to offer key individuals shares in a UK sub-holding company which owns such overseas subsidiary, either directly or indirectly, and which track the performance of such overseas subsidiary. The Company also reserves the right to make such changes to the Article of Association for an overseas subsidiary as it may be advised is necessary or desirable to take account of local legal and tax requirements.

Annual shareholder renewal of 5 year authority

For all prior shareholder authorities granted, the five year period available to the Company to make such offers to key individuals (as described above), is to be deemed renewed from the date of the current Annual General Meeting, or any adjournment thereof.

APPENDIX 2

Explanatory notes of principal changes to the Company's Articles of Association

The material differences between the Current Articles and the New Articles are summarised below. Changes of a minor, conforming or purely technical nature have not been mentioned specifically.

1. The Company's objects

The provisions regulating the operation of the Company were previously set out in the Company's Memorandum and Articles of Association. The Company's Memorandum contained, among other things, the objects clause which set out the scope of the activities the Company is authorised to undertake. This was drafted to give a wide scope.

The Companies Act 2006 ('Act') significantly reduces the constitutional significance of a company's Memorandum. The Act provides that a Memorandum will record only the names of subscribers and the number of shares each subscriber has agreed to take in the Company. Under the Act, the objects clause and all other provisions which were contained in the Company's Memorandum at 1 October 2009 are deemed to be contained in its Articles of Association, although the Company can remove these provisions by a special resolution.

Further, the Act states that unless a company's Articles provide otherwise, a company's objects are unrestricted. This abolishes the need for companies to have objects clauses. For this reason, the Company is proposing to remove its objects clause together with all other provisions of its Memorandum which, by virtue of the Act, are treated as forming part of the Company's Articles of Association as of 1 October 2009. Resolution 19.1 confirms the removal of these provisions.

As the effect of this resolution will be to remove the statement previously in the Company's Memorandum of Association regarding limited liability, the New Articles also contain an express statement regarding the limited liability of the members of the Company.

2. Authorised share capital and unissued shares

The Act abolishes the requirement for a company to have an authorised share capital. The New Articles reflect this and all references to authorised share capital have been removed. Directors will still be limited as to the number of shares they can at any time allot because allotment authority continues to be required under the Act, save in respect of employee share schemes.

3. Redeemable shares

Under the Companies Act 1985 ('1985 Act'), if a company wished to issue redeemable shares, it had to include in its Articles the terms and manner of redemption. The Act enables Directors to determine such matters provided they are authorised to do so by the Company's Articles. The New Articles contain such an authorisation.

4. Authority to purchase own shares, consolidate and sub-divide shares and reduce share capital

Under the 1985 Act, a company required specific enabling provisions in its Articles to purchase its own shares, to consolidate or sub-divide its shares and to reduce its share capital or other undistributable reserves, as well as shareholder authority to undertake the relevant action. The Current Articles include these enabling provisions. Under the Act, a company only requires

shareholder authority to do any of these things and it is no longer necessary for Articles to contain enabling provisions. Accordingly, the relevant enabling provisions have been removed from the New Articles.

5. Suspension of registration of share transfers

The Current Articles permit the Directors to suspend the registration of transfers. Under the Act, share transfers must be registered as soon as practicable. The power in the Current Articles to suspend the registration of transfers is inconsistent with this requirement. Accordingly, this power has been removed in the New Articles.

6. Voting by proxies on a show of hands

The Shareholders' Rights Regulations have amended the Act so that it now provides that each proxy appointed by a shareholder has one vote on a show of hands unless the proxy is appointed by more than one shareholder, in which case the proxy has one vote for and one vote against if the proxy has been instructed by one or more shareholders to vote for the resolution and by one or more shareholders to vote against the resolution. The New Articles contain provisions which clarify these rights and also clarify how the provisions giving a proxy a second vote on a show of hands should apply to discretionary powers.

7. Voting by corporate representatives

Under the Act, a corporate shareholder can appoint more than one corporate representative to exercise its voting rights at a general meeting. In addition, the Shareholders' Rights Regulations have amended the Act in order to enable multiple representatives appointed by the same corporate shareholder to vote in different ways on a show of hands and a poll.

The New Articles remove provisions in the Current Articles dealing with voting by corporate representatives on the basis that these are dealt with in the Act.

8. Electronic conduct of meetings

Amendments made to the Act by the Shareholders' Rights Regulations specifically provide for the holding and conducting of electronic meetings. The New Articles include amendments to provide greater scope for members to participate in meetings of the Company even if they are not present in person at the principal place where the meeting is held. The New Articles allow for members to participate not only by attendance at satellite meeting locations but also by any other electronic means of participation.

9. Adjournments for lack of quorum

Under the Act, as amended by the Shareholders' Rights Regulations, general meetings adjourned through lack of quorum must be held at least 10 clear days after the original meeting. The provisions in the Current Articles dealing with notice of adjourned meetings have been amended to ensure that they are consistent with this requirement.

10. Voting record date

Under the Act, as amended by the Shareholders' Rights Regulations, the Company must determine the right of shareholders to vote at a general meeting by reference to the register not more than 48 hours before the time for the holding of the meeting, not taking into account weekends and bank holidays. The Current Articles have been amended to reflect this requirement.

11. Validity of votes

Following the implementation of the Shareholders' Rights Regulations, proxies are expressly required to vote in accordance with the instructions given to them by shareholders. The New Articles contain a provision stating that the Company is not required to enquire whether a proxy or corporate representative has voted in accordance with instructions given to him and that votes cast by a proxy or corporate representative will be valid even if he has not voted in accordance with his instructions.

12. Vacation of office by Directors

The Current Articles specify the circumstances in which a Director must vacate office. The New Articles update these provisions, in particular to reflect the approach taken on mental and physical incapacity in the model Articles for public companies produced by the Department of Business, Innovation and Skills.

13. Change of name

Under the 1985 Act, a company could only change its name by special resolution. Under the Act, a company is able to change its name by other means provided for by its Articles. To take advantage of this provision, the New Articles enable the Directors to pass a resolution to change the Company's name.

14. Provision for employees on cessation of business

The Act provides that the powers of the Directors of a company to make provision for a person employed or formerly employed by the company or any of its subsidiaries in connection with the cessation or transfer to any person of the whole or part of the undertaking of the company or that subsidiary, may only be exercised by the Directors if they are so authorised by the company's Articles or by the company in general meeting. The New Articles provide that the Directors may exercise this power.

16. Use of seals

Under the 1985 Act, a company required authority in its Articles to have an official seal for use abroad. Under the Act, such authority is no longer required. Accordingly, the relevant authorisation has been removed in the New Articles.

The New Articles provide an alternative option for execution of documents. Under the New Articles, when the seal is affixed to a document, it may also be signed by a Director in the presence of a witness, in addition to the current provisions for signature by either a Director and the Secretary or two Directors or such other person or persons as the Directors may approve.

17. General

Several statutory references have been amended in the New Articles to take account of the implementation of provisions in the Act and repeal of corresponding sections of the 1985 Act. Some definitions have also been changed and additional definitions added to bring them in line with relevant provisions of the Act. In addition, other miscellaneous non-material changes have been made to reflect current law and practice.

19. Fractions

The Current Articles contain a provision providing that if a consolidation or subdivision of shares results in shareholders being entitled to fractions of shares, the board can deal with such fractions as it thinks fit, including selling the fractions and distributing the proceeds in proportion among the shareholders. For clarity, this provision has been amended in the New Articles to provide where any shareholder's entitlement to a portion of the proceeds of sale of the fractions amounts to less than £3.00, the board can distribute that shareholder's proceeds to charity.
