STEM PULSE CHECK

The people trends our clients are facing in the period

No one simple answer – company and niche specific situations

Common themes across many sectors
  • Investing in making IT infrastructure more resilient
  • Digitisation of processes
  • Reconfiguration of customer channels

Unprecedented volatility in shift of skill type in the period
NO ONE SINGLE ANSWER – NICHE DEPENDENT

For example Life Sciences: focal point of the COVID-19 response

- Strain on digital health services has increased demand for experts in healthcare technology
- Impact of deprioritised medical procedures, as COVID-19 becomes the main treatment priority.
- Supply Chain, QA and Production roles are in demand as supply chains shift and rapid scaling is required for vaccines and treatment
- Closing of borders has placed emphasis on the importance of local knowledge and networks to fill roles
- Increasing Scarcity for talent will remain an industry challenge moving forwards

What changes have you seen in your staffing plans (Life Science view)?

- No Change: 33%
- Paused all hiring: 15%
- Hiring key roles: 22%
- Hiring new roles: 15%
- Other: 15%
HOWEVER THERE ARE COMMON THEMES

IT INFRASTRUCTURE

‘Our aggressive programme of IT change has put us in a good position. We recognise the value this has delivered and intend to maintain delivery of ongoing IT transformation projects’

Transport client, UK

DIGITISATION OF PROCESSES

‘Growing sales is the main priority by leveraging a digital platform once appropriate funding is approved.’

Retail client, UK

RECONFIGURATION OF CUSTOMER CHANNELS

‘The shift away from in-store sales has been a challenge. We are having to make a lot more emergency fixes to our mobile application, and more budget is going towards building resilience in our core technologies’

Retail giant, US
KEY PRIORITIES FOR OUR CUSTOMERS

MANAGEMENT OF A MORE FLEXIBLE AND RESILIENT WORKFORCE OF THE FUTURE
- Business continuity

HELP IS NEEDED TO NAVIGATE THE ENVIRONMENT

What staffing challenge(s) are we currently facing?

- End to end virtual recruitment process: 26%
- Virtual candidate onboarding: 25%
- Workforce planning: 23%
- Sourcing candidates: 21%
- Access to talent and staffing trends: 5%
WHAT DO OUR CUSTOMERS THINK THE FUTURE LOOKS LIKE?
Flexible working and remote onboarding are key to workforce management in the ‘New Normal’

TALENT GAPS HEIGHTENED
‘Data collection, Business Intelligence, Data and Analytics, advanced analytics are front of mind and we see this as a growth area.’
Technology client, US

ACCESS TO SKILLS IS KEY
‘Having quality candidates available and ready to go when the lockdown is lifted will be significant.’
Telecoms client, France

NOT ALL TRENDS ARE TEMPORARY
‘More companies will adopt a work from home policy so hiring and technology needs to be able to support it.’
Technology client, US

FLEXIBILITY IS IMPORTANT
‘Change will come in the form of flexibility around resources. If managers become open to more “telecommuting”, we could have resources working remotely allowing us access to more candidates.’
Life Science client, US
