Dear Shareholder

NOTICE OF ANNUAL GENERAL MEETING

I am pleased to inform you that our 2019 Annual General Meeting ("AGM") is to be held at 1st Floor, 75 King William Street, London EC4N 7BE on Wednesday 24 April 2019 at 11:30am. The formal notice of the AGM, particulars of the resolutions on which you can vote and details of the administrative arrangements are set out in this circular.

If you are not able to come to the AGM in person, your vote is still important. You will recall that we stated that we would no longer be sending you a paper proxy but instead provide you with the means to vote electronically. I would therefore urge you to submit your vote online at www.sthreeshares.com to be received by 11:30am on Monday 22 April 2019. Submission of a proxy appointment will not prevent you from attending and voting at the AGM in person should you wish to do so. In the event that you do require a hard copy proxy form please contact our Registrars Link Asset Services whose details can be found in note (2) in the notes to the notice of meeting.

Your Directors believe that the proposed resolutions are in the best interests of the Company and its shareholders as a whole and unanimously recommend you to vote in favour of all the resolutions set out in the attached notice, as they intend to do in respect of their own shareholdings.

Yours sincerely

James Bilefield

Chairman

4. The right to appoint a proxy does not apply to persons whose shares are held on their behalf by another person and who have been nominated to receive communications from the Company in accordance with section 146 of the Companies Act 2006 ("nominated persons"). Nominated persons may have a right under an agreement with the member who holds the shares on their behalf to be appointed (or to have someone else appointed) as a proxy. Alternatively, if nominated persons do not have such a right, or do not wish to exercise it, they may have a right under such an agreement to give instructions to the person holding the shares as to the exercise of voting rights.
5. Holders of ordinary shares of 1p each in the capital of the Company ("ordinary shares") are entitled to attend and vote at General Meetings of the Company. On a vote by show of hands every member who is present has one vote. Each proxy appointed by a member has one vote on a show of hands unless the proxy is appointed by more than one member in which case the proxy has one vote for and one vote against if the proxy has been instructed by one or more members to vote for the resolution and by one or more member to vote against the resolution. On a poll vote every member who is present in person or by proxy has one vote for every ordinary share of which he is the holder.
6. As at 27 February 2019 (being the latest practicable date before the publication of this Notice) the Company's issued share capital consists of 131,925,849 ordinary shares, carrying one vote each including any shares held in SThree's treasury account. Therefore, the total voting rights in the Company as at 27 February 2019 are 130,880,515, excluding any shares held in SThree's treasury account.
7. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the meeting (and any adjournment of the meeting) by following the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members (and those CREST members who have appointed a voting service provider) should refer to their CREST sponsor or voting service provider, who will be able to take the appropriate action on their behalf.
8. In order for a proxy appointment or instruction made by means of CREST to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CREST Co's specifications and must contain the information required for such instructions, as described in the CREST Manual available via web address www.euroclear.com/site/public/EUI. The message (regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy) must, in order to be valid, be transmitted so as to be received by issuer's agent (ID RA10) by the latest time(s) for receipt of proxy appointments specified in Note 3 above. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to a proxy appointed through CREST should be communicated to him by other means.
9. CREST members (and, where applicable, their CREST sponsors or voting service providers) should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider, to procure that his CREST sponsor or voting service provider takes) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members (and, where applicable, their CREST sponsors or voting service providers) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
10. The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001.

1. Explanatory notes

Resolutions 1 to 15 are proposed as ordinary resolutions. This means that for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution. Resolutions 16 to 18 are proposed as special resolutions. This means that for each of those resolutions to be passed, at least three-quarters of the votes cast must be in favour of the resolution.

Reports and Accounts (Resolution 1)

The Directors of the Company must present the Annual Report & Financial Statements, together with the Directors' report, Strategic report and Auditor's reports, to the AGM.

Payment of a Final Dividend (Resolution 2)

A final dividend can only be paid after the shareholders at a General Meeting have approved it. A final dividend of 9.8 pence per ordinary share is recommended by the Board for payment to shareholders on the register of members at the close of business on 26 April 2019. If approved, the date of payment of the final dividend will be 7 June 2019.

Directors' Remuneration Report (Resolution 3)

The Directors' Remuneration Report in the Annual Report and Accounts for the year ended 30 November 2018 sets out the Company's policy towards, and provides details of, the Directors' remuneration. Policy requires formal approval every 3 years and was last approved at the 2017 AGM.

Election and re-election of Directors (Resolutions 4 to 10)

The Company's current Articles of Association require that all Directors retire at least every three years and that all Directors appointed by the Board (since the last Annual General Meeting) seek election at the first Annual General Meeting following their appointment. However, under the UK Corporate Governance Code, all Directors should retire annually. Accordingly, all Directors will retire and submit themselves for election or re-election by shareholders.

The biographies of all Directors, except Mark Dorman, whose biography is immediately below, are set out in the Annual Report & Financial Statements.

On 28 February 2019, the Company announced that Mark Dorman will join the Board as CEO on 18 March 2019, succeeding Gary Elden. An internationally experienced leader with a track record of growing business profitability, productivity and market share, Mark brings to STthree a wealth of experience from a range of industries, together with a number of years spent working at the highest levels in the US, a key growth market for STthree.

Mark joins STthree from McGraw Hill Education, where he was President of Higher Education, International and Professional for five years. During this time he increased the market share of the business and improved profitability. He also gained a keen understanding of the STEM (Science, Technology, Engineering and Maths) sector. Prior to joining McGraw Hill, Mark worked at Wolters Kluwer where he was initially Vice President of their Legal Markets Group before becoming CEO of Wolters Kluwer Law & Business.

Originally from Dundee, Scotland, Mark has dual UK/US nationality and graduated from the Royal Military Academy at Sandhurst. Following three years in the British Army's Corps of Royal Military Police, Mark went on to hold senior roles at LexisNexis UK, where he was Head of Strategy, and Gartner Inc, where he was Head of Global Product Management. Mark will be based at STthree's London HQ.

Having considered the performance of, contribution made by and/or experience of each of the Directors standing for election or re-election, the Board remains satisfied that each of the relevant Directors performs or will perform effectively and demonstrates full commitment to their individual role, including the appropriate commitment of time for Board and Committee meetings and other duties required and, as such, recommends their election or re-election.

Re-appointment and Remuneration of Auditors (Resolutions 11 and 12)

These resolutions propose the re-appointment of PricewaterhouseCoopers LLP ('PwC') as auditors of the Company and authorise the Directors to set their remuneration. The Board, on the recommendation of the Audit Committee, recommends the re-election of PricewaterhouseCoopers LLP, as auditors, to hold office until the next General Meeting at which the Annual Report & Financial Statements are laid.

Authority to make donations to EU political organisations or to incur EU political expenditure (Resolution 13)

The Companies Act 2006 requires companies to obtain shareholders' authority for donations to registered political parties and other political organisations totalling more than £5,000 in any twelve-month period, and for any political expenditure, subject to limited exceptions. The definition of donation in this context is very wide and extends to bodies such as those concerned with policy review, law reform and the representation of the business community. It could also include special interest groups, such as those involved with the environment, which the Company and its subsidiaries might wish to support, even though these activities are not designed to support or influence support for a particular party.

It remains the policy of the Company not to make political donations or incur political expenditure, as those expressions are normally understood. However, the Directors consider that it is in the best interests of shareholders for the Company to participate in public debate and opinion forming on matters, which affect its business. To avoid inadvertent infringement of the Companies Act 2006, the Directors are seeking shareholders' authority for the Company and its UK subsidiaries to make political donations and to incur political expenditure for the period from the date of the passing of this resolution to the earlier of the conclusion of the Company's AGM in 2020 and or 15 months from the conclusion of the 2019 AGM, up to a maximum aggregate amount of £50,000.

Authority to offer key individuals, including senior employees, potential new recruits or Partners in STthree Partnership LLP ("LLP"), the opportunity to purchase minority shareholdings or capital interests in certain of the Company's subsidiaries (including the LLP) (Resolution 14)

Shareholders are asked to approve the creation of new minority shareholdings (as tracker shares) or capital interests in certain of the Company's subsidiaries/ businesses (including the LLP) as detailed, and on the terms set out in, Appendix 1 accompanying this notice of AGM. For all prior shareholder authorities granted to make offers to individuals (as described above), the five year period available to the Company to make such offers is to be deemed renewed from the date of the 2019 AGM, or any adjournment thereof.

Directors' authority to allot securities (Resolution 15)

The Directors wish to renew the Company's authority to allot unissued shares in the share capital of the Company. The Directors have no present intention to exercise this authority, however, it is considered prudent to maintain the flexibility that this authority provides. This resolution authorises the Directors to allot shares or grant rights to subscribe for or to convert any security into shares up to an aggregate nominal value of £436,268.38 during the 15 months from the date of the resolution or, if earlier, up to the conclusion of the next Annual General Meeting of the Company in 2020. This amounts to approximately one-third of the issued ordinary share capital of the Company as at the date of the Notice of AGM.

Authority to call a General Meeting with no less than 14 clear days' notice (Resolution 16)

The Company's current Articles of Association include a provision enabling General Meetings other than AGMs of the Company to be called on at least 14 days' notice, the minimum notice period permitted by the Companies Act 2006.

Under the EU Shareholders Rights Directive (the 'Directive'), the minimum notice period on which listed companies may call General Meetings is 21 days. However, companies are able to reduce this period to at least 14 days for General Meetings other than AGMs, provided that certain conditions are satisfied. One such condition is that a resolution reducing the period of notice for General Meetings other than AGMs to 14 days has been passed at the immediately preceding AGM of the company or at a General Meeting held since the immediately preceding AGM. The resolution must be passed notwithstanding that the Company's current Articles of Association permit the Company to call General Meetings other than AGMs on a notice period of at least 14 days.

The Board considers it prudent to continue to maintain the Company's flexibility to call General Meetings other than AGMs on 14 days' notice. The shorter notice period would not be used as a matter of routine for such meetings, but only where the flexibility is merited by the business of the meeting and is thought to be to the advantage of shareholders as a whole. Consequently, this resolution is proposed as a resolution which would satisfy the condition required by the Directive, as noted above.

Disapplication of pre-emption rights (Resolution 17)

Under Section 561 of the Companies Act 2006, if the Directors wish to allot any of the unissued shares or grant rights over shares or sell treasury shares for cash (other than pursuant to an employee share scheme), they must first offer them to existing shareholders in proportion to their holdings. There may be occasions, however when the Directors will need the flexibility to finance business opportunities by the issue of ordinary shares without a pre-emptive offer to existing shareholders. This cannot be done under the Companies Act 2006 unless the shareholders have first waived their pre-emption rights and that is what this resolution proposes. The authority will be limited to the issue of shares for cash up to a maximum aggregate nominal value of £65,440.26 which is equivalent to approximately 5% of the Company's issued ordinary share capital as at the date of the Notice of AGM.

Following guidance from the Pre-Emption Group's revised Statement of Principles, published on 12 March 2015, the Directors confirm that they will only issue shares for cash up to a maximum aggregate nominal value of £65,440.26 (which is equivalent to approximately 5% of the Company's issued share capital as at the date of the Notice of AGM) where the allotment is in connection with an acquisition or specified capital investment announced at the same time as the allotment or which has taken place in the preceding six month period and is disclosed in the announcement of the issue.

Additionally, the Directors do not intend to allot shares for cash on a non pre-emptive basis above 7.5% of the total issued ordinary share capital of the Company over a three-year rolling period for a purpose other than a specified acquisition or capital investment.

If given, the authority will expire 15 months from the date of the 2019 AGM or, if earlier, at the conclusion of the next AGM of the Company in 2020. Shareholders will note that this resolution will also apply to the sale of any shares held in treasury by the Company.

Authority to purchase own shares (resolution 18)

In certain circumstances, it may be advantageous for the Company to purchase its own shares and this resolution seeks the authority from shareholders to do so. During the year the Company has only made market purchases of its ordinary shares for Treasury, whilst market purchases for cancellation will only be made if the Directors believe, in the light of market conditions prevailing at the time, that the effect of such purchases will be to increase earnings per share and are in the best interests of shareholders generally, taking into account cash resources, capital requirements and the effect of any such purchase on gearing levels. The Company and its EBT currently purchase ordinary shares in the market in order to satisfy options or awards made under the Company's Executive Share Option Scheme, Long Term Incentive Plan ('LTIP'), STthree Employee Stock Purchase Plan, Savings-Related Share Option Scheme ('SAYE'), Share Incentive Plan ('SIP'), or other similar arrangements, including to satisfy Minority Interest purchases, where the Directors also consider that this is in the best interests of the Company. Any shares purchased by the Company are currently held as treasury shares for the purpose of satisfying share options, awards or similar incentives, unless the Directors otherwise determine that they are to be cancelled and the number of shares in issue reduced accordingly.

Treasury shares are authorised under the Companies Act 2006, whereby companies, which acquire their own shares by way of market purchase may place them 'in treasury', rather than having to cancel them. This give the Company the ability to re-issue such shares quickly and cost effectively, providing the Company with flexibility in the management of its capital base. No dividends are paid on any shares held in treasury and no voting rights are exercisable in respect of such shares.

This resolution explicitly authorises the Company to use any shares purchased and held in treasury for the purposes of satisfying options or awards granted under the Company's Executive Share Option Scheme, LTIP, SAYE, SIP or other share-based incentive arrangements. For any shares used under approved or unapproved share plans, whose rules contain formal share capital dilution limits, the Company takes such shares into account when calculating the limits on the number of shares which may be issued under such scheme(s).

The resolution specifies the maximum number of ordinary shares that may be acquired (approximately 10% of the Company's issued ordinary share capital as at the date of the Notice of AGM) and the maximum and minimum prices at which they may be bought. The price for such purchases shall not exceed the higher of 105% of the average of the middle market quotations as derived from the London Stock Exchange Daily Official List for the five business days before each purchase, the price of the last independent trade in the shares on the London Stock Exchange at the time of the purchase and the highest current independent bid for the Company's ordinary shares on the London Stock Exchange at the time of the purchase.

This resolution will be proposed as a special resolution to provide the Company with the necessary authority. If given, this authority will expire 15 months from the date of the 2019 AGM or, if earlier, at the conclusion of the next AGM of the Company in 2020.

The total number of options to subscribe for equity shares outstanding as at the date of this Notice of AGM is 6,922,689 shares, for which the Company holds a number of shares in Trust or as Treasury Shares. This represents 5.25% of the issued share capital at that date. If the Company bought back the maximum number of shares permitted pursuant to the passing of this resolution and cancelled them, then the total number of options and awards to subscribe for equity shares outstanding at that date would represent 5.83% of the reduced issued share capital, following the repurchases. At the date of the Notice of AGM, there are no warrants to subscribe for ordinary shares outstanding.

2. Documents for inspection

Copies of the following documents will be available for inspection during normal business hours at the Company's registered office from the date of the Notice of AGM to the close of the AGM and at the place of the AGM from 15 minutes prior to its commencement until its conclusion:

- the Executive Directors' service contracts;
- letters of appointment of the Non-Executive Directors;
- copies of the standard form Articles of Association for subsidiary companies and the Partnership Agreement of the LLP in which key individuals will be invited to acquire different types of shares or capital interests;

3. Entitlement to attend and vote and multiple proxies and corporate representatives

Entitlement to attend and vote at the meeting, and the number of votes which may be cast at the meeting, will be determined by reference to the Company's register of members at 6.00pm on 22 April 2019 or, if the meeting is adjourned, 48 hours before the time fixed for the adjourned meeting (as the case may be). In each case, changes to the register of members after such time will be disregarded. The Company will also adhere to the ICSA guidance on multiple proxies and corporate representatives at General Meetings.

4. Automatic poll voting

Each of the resolutions to be put to the meeting will be voted on by poll and not by show of hands. A poll reflects the number of voting rights exercisable by each member and so the Board considers it a more democratic method of voting. It is also in line with recommendations made by the Shareholder Voting Working Group and Paul Myners in 2004. Members and proxies will be asked to complete a poll card to indicate how they wish to cast their votes. These cards will be collected at the end of the meeting. The results of the poll will be published on the Company's website and notified to the UKLA Listing Authority once the votes have been counted and verified.

5. Administration

For the safety and comfort of those attending the AGM, certain items will not be permitted in the meeting room. These include large bags, cameras, recording equipment and such other items as the Chairman of the AGM may specify. Cloakroom facilities will be provided.

Any member attending the meeting has the right to ask questions. The Company must answer any such question relating to the business being dealt with at the meeting but no such answer need be given if (a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information (b) the answer has already been given on a website in the form of an answer to a question, or (c) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered. In order to respond comprehensively, it would be helpful to have a note of the details of any proposed questions in advance, although this is not obligatory. Questions may be sent by post to the Group Company Secretary, Steve Hornbuckle at 1st Floor, 75 King William Street, London, EC4N 7BE or by email to cosec@sthree.com.

6. Information available on website

A copy of this notice and other information required by Section 311A of the Companies Act 2006 can be found at www.sthree.com

7. Members' resolution and matters

Under Section 338 and Section 338A of the Companies Act 2006, members meeting the threshold requirements in those sections have the right to require the Company (i) to give to members of the Company entitled to receive notice of meeting, notice of any resolution which may properly be moved and is intended to be moved at the meeting and/or (ii) to include in the business to be dealt with at the meeting any matter (other than a proposed resolution) which may be properly included in the business. A resolution may properly be moved or a matter may properly be included in the business unless (a) (in the case of a resolution only) it would, if passed, be ineffective (whether by reason of inconsistency with any enactment or the Company's constitution or otherwise), (b) it is defamatory of any person, or (c) it is frivolous or vexatious. Such a request may be in hard copy form or in electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be authorised by the person or person making it, must be received by the Company not later than 13 March 2019, being the date six clear weeks before the meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.

8. Electronic and web communications

The Companies Act 2006 enables companies to communicate with members by electronic and/or website communications. Accordingly, the Company's Articles allow communications to members in electronic form and, in addition, they permit the Company to take advantage of the provisions relating to website communications. However, before the Company can communicate with a member by means of website communication, the relevant member must be asked by the Company to agree that the Company may send or supply documents or information to him by means of a website, and the Company must either, have received a positive response, or have received no response within a period of 28 days beginning with the date on which the request was sent. The Company will notify a member (either in writing, or by other permitted means) when a relevant document or information is placed on the website and a member can always request a hard copy version of the document or information.

The Company would like to offer shareholders an electronic communication service and shareholders have the opportunity to register an email address in order to receive communications via email. The Company will now only be sending out printed copies of the Annual Report to those shareholders that have specifically requested. If any shareholder would like to receive communications from the Company via email, including notification of when a new report/Notice of Meeting, etc is available on the website, they should logon to www.sthreeshares.com and follow the links to register an email address with the Registrar. If any shareholder requires assistance while registering an email address, they should telephone Link Asset Services on 0871 664 0300 (calls cost 12p per minute plus your phone company's access charge; lines are open 9am-5.30pm Monday to Friday). If dialling from overseas please call +44 371 664 0300 (calls outside the United Kingdom will be charged at the applicable international rate).

9. Publication of audit concerns

Shareholders should note that, under Section 527 of the Companies Act 2006 members meeting the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the Annual General Meeting for the financial year ended 30 November 2018; or (ii) any circumstances connected with an auditor of the Company appointed for the financial year ended 30 November 2018 ceasing to hold office since the previous meeting at which annual accounts and reports were laid. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 (requirements as to website availability) of the Companies Act 2006. Where the Company is required to place a statement on a website under Section 527 of the Companies Act, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the Annual General Meeting for the relevant financial year includes any statement that the Company has been required under Section 527 of the Companies Act 2006 to publish on a website.

Offers to key individuals of minority interests (as tracker shares or capital interests) in certain SThree plc subsidiaries.

Offers to key individuals of minority interests (as tracker shares or capital interests) in certain SThree plc subsidiaries. Authority is sought to make new and continuing offers to key individuals, including senior employees or Partners of SThree Partnership LLP ("LLP"), or potential new recruits, of tracker shares in certain SThree plc subsidiaries/businesses or capital interests via the LLP, in certain of the LLP's businesses. Whilst the majority of the shares or capital interests have been offered soon after prior shareholder approval, and normally in the first year, some are held back for promotions and new joiners, and therefore authority is sought for a period of five years from the date of the Company's Annual General Meeting, to be held on 24 April 2019.

Common Features

The common features are as follows:

1. (a) Share Capital

Each subsidiary will have at least two classes of ordinary shares. In the case of a holding company issuing tracker shares in a number of businesses, there will be at least two classes of ordinary shares for each business it owns. One class of ordinary shares will be held by the Company. Other classes will be offered to key individuals. The ordinary shares offered to key individuals will not be more than 25% of the ordinary share capital of each subsidiary; whilst they will have up to 25% of the voting power of the subsidiary, they are entitled to up to only 20% of any dividend on the ordinary shares. The Company may also issue preference shares, for control purposes.

1. (b) Capital Interests

Capital interests will be awarded to key individuals to reflect an interest in one or more of the underlying businesses of the LLP. This system replicates as far as possible the system of management equity incentives issued as share capital. The current underlying businesses of the LLP are based in the UK.

2. (a) Tracker Share Eligibility

No person who is a Director of the Company at the time shareholders approve the offer of shares in a particular subsidiary may acquire shares in the relevant subsidiary. Shares will therefore only be offered to other key individuals including senior employees, potential new recruits or partners of the LLP, who may acquire shares in more than one subsidiary.

2. (b) Capital Interests Eligibility

Capital Interests will only be issued to key individuals who are Designated Members or Members of the LLP. Capital Interests may be acquired by Members in more than one underlying business of the LLP.

3. Purchase price and financing

The price payable by an individual will be based on the fair value of the rights awarded, as determined by an independent third party valuer and taking into account the particular rights attached to the shares or capital interests described in the Articles of Association or Partnership Agreement. The Group may lend the purchase price to the individual, on such terms as are appropriate, including that the loan is outstanding until such individual ceases to hold the shares or capital interests or ceases to be employed/a partner within the Group. A market rate of interest may be charged if a loan is made.

4. Cessation of employment or Member status

If a minority shareholder ceases to be employed by any company in the Group or a Partner in the LLP, under provisions contained in the Articles of Association of that company or the Partnership Agreement of the LLP, he can be required to sell his shares or capital interests in the relevant company. The Board will set a period, which will never be less than three years and will normally be five years (the "Specified Period"), which will apply when the individual acquires the shares or capital interests. If the sale is within the Specified Period, the price payable can be the lower of the market value and the amount paid for the shares or capital interests (or, in exceptional circumstances and at the Company's discretion, such other price, not exceeding market value). If the sale is later than the Specified Period the price payable is the market value. For these purposes, market value is determined by computing the earnings per ordinary share of the last financial year prior to the sale multiplied by a multiple of between one half and two thirds of the price/earnings ratio of SThree plc at the time of sale. The price/earnings ratio is calculated on the adjusted earnings per share published in the Company's Annual Report & Financial Statements. Note that different pay out formulas may be applied for businesses which are created via the Group's innovation stream, in line with similar external businesses or sectors to remain competitive.

5. Other sale events

In the event of a sale of a subsidiary, or a change of control of the Company, a minority shareholder or capital interest holder in that subsidiary can be required to sell (and that shareholder or capital interest holder can require the Company to purchase) his shares or capital interests in the subsidiary. In the event of a sale of the subsidiary, the sale price will reflect the price which the Company receives for its shares, and in the event of a change of control of the Company the sale price will be the market value of the shares/capital interests in the subsidiary. For key individuals who acquire shares or capital interests in a sub-holding company which owns either several companies or several businesses, there are similar sale provisions which apply if the relevant operating company or business is sold.

6. Restrictions on transfer of tracker shares or capital interests

If a minority shareholder or capital interest holder wishes to transfer or dispose of his shares or capital interests (other than to certain family members or on his leaving the employment of the Group or resigning as a Member of the LLP) he must first offer them to the Company, or the Corporate Member in the case of capital interests, and the price payable for such shares or capital interests is their market value. If the Company (or Corporate Member) declines to purchase the shares or capital interests, they can be transferred to a third party.

7. Consideration payable for tracker shares or capital interests

If the Company acquires any shares or capital interests from a minority shareholder or capital interest holder, the consideration can either be paid in cash or in Ordinary Shares in the Company, at the Company's discretion. Any Ordinary Shares issued by the Company in this respect will be within the annual limit of authority granted under section 549 of the Companies Act 2006 approved by the Company's shareholders each year.

8. Restrictions on alterations

Certain provisions of the arrangements outlined above, namely the persons who are eligible to acquire shares/capital interests in the relevant subsidiary, the maximum percentage of shares/capital interests in the subsidiary which may be offered to key individuals, and the terms on which the company can acquire the shares/capital interests from the key individuals cannot be altered to the advantage of these shareholders/capital interest holders without the prior approval of the Company's shareholders in General Meeting (except for minor amendments to benefit administration, or to take account of a change in legislation or to obtain or maintain favourable tax, exchange control or regulatory treatment for the individual shareholders, the relevant subsidiary or for members of the Group).

9. Pension benefits

The acquisition of shares/capital interests by key individuals, and their sale, will not give rise to any pensionable benefits.

A standard form Articles of Association of the Company or the Partnership Agreement, containing the full details of the ordinary shares/capital interests which key individuals can acquire, and the terms on which they can dispose of such shares/capital interests, will be available for inspection at 1st Floor, 75 King William Street, London, EC4N 7BE, the registered office of the Company, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the date of this notice until the date of the Meeting and will be available at the place of the Meeting for at least 15 minutes prior to and at the Meeting. The Company reserves the right to alter the Articles of Association in any way it is advised, is desirable, or necessary to take account of legislative or other changes prior to the AGM.

In the case of an overseas subsidiary, the Company also reserves the right to offer key individuals shares/capital interests in a UK sub-holding company which owns such overseas subsidiary, either directly or indirectly, and which track the performance of such overseas subsidiary. The Company also reserves the right to make such changes to the Article of Association for an overseas subsidiary as it may be advised is necessary or desirable to take account of local legal and tax requirements.

Annual shareholder renewal of 5 year authority

For all prior shareholder authorities granted, the five year period available to the Company to make such offers to key individuals (as described above), is to be deemed renewed from the date of the current Annual General Meeting, or any adjournment thereof.
